Succeed with Quality
(ISO 9001:2015 QMS Certified College)

Southwestern State College (SWSC) is a vibrant learning community committed to creating the best possible academic environment for world-class education with a difference. Realizing the necessity to meet the needs of the challenging globalization, we have been continuously working to incorporate 21st century learning standards and implement them for the better future of our students. We are, therefore, confident that our sincere efforts for providing quality education will surely help our students overcome any challenges both at national and international levels.

Every parent aspires to provide quality education to their children, and this is the demand of modern students too. Keeping this in mind, we provide our students with

a holistic learning experience for life. We aim at equipping them with skills and vision rather than being only engaged in the college curriculum. In other words, we help them learn to travel beyond the boundary of mere course books. We realize that the future is abstract and unknown but the youth in our hands are real and can be molded. Hence, our endeavors are aimed to craft and build our youth for the future. We believe that we do not have to be great to start, but we have to start to be great.

Let's join hands together to materialize this vision.

Best Wishes,

Er. Basudev Bista
Chairperson

Southwestern State College (SWSC), run by a team of national and international academic leaders, is one of the leading educational institutions in Nepal. Our tradition of excellence to groom all the facets of students' life and career has been substantiated by the accomplishment of our students in national and international academia and job markets. Our faculties are focused on helping every student to achieve their goals in every single step personally and academically. At SWSC, we, along with our faculty members, are passionate about grooming our students not only as professionals but also as good human beings with moral values and ethics. We prepare our students to be lifelong learners who pursue every hardship to achieve their dreams. We have adopted student-centered learning approach with a sincere commitment to excellence in teaching, research, and social activities. Our teaching learning modules prioritize

group discussions, personality development, presentation skills, and life skills for career development. We encourage our students to take challenging courses and equip them with enough skills to face a competitive global society. After the completion of the academic course from SWSC, the students become able to undertake important responsibilities in the national and international sphere and secure a good future.

We feel proud to say that the alumni of SWSC are leading Nepalese companies, corporate houses, and pursuing higher studies in renowned universities abroad.

I look forward to welcoming you at SWSC.

Wish you all the best!

Dr. Rajendra KC
Campus Chief

Southwestern State College (SWSC), promoted by a team of academicians, researchers, planners, and professionals at national and international levels, has the fundamental aim of creating it as a center of excellence in Science, Management, Law and Humanities, and provides internationally recognized practical training programs to the students.

Why SWSC?

- ISO 9001:2015 QMS certified college
- Quality Assurance and Accreditation (QAA) from University Grants Commission (UGC) Nepal (under process)
- Research-led teaching and learning methods
- Virtual classes with adequate digital contents
- Well-equipped computer lab, hotel management lab, kit lab, and management lab
- Regular civic education classes on positive thinking, behavioral change, time management, motivation, etc.
- Regular subjectwise presentation classes
- Periodic publication of *Southwestern Newsletter* and *Education Hub*
- Individual and institutional networking skills
- Earthquake resistant building

Is SWSC for me?

You can feel the difference when you step in the college premises and observe its environment and academic team. We are committed to helping students excel in both the scholastic and non-scholastic activities. We provide a conducive environment for students to:

- strengthen professional proficiency to secure better jobs
- develop new skills to boost self-confidence
- acquire leadership skills and entrepreneurial skills
- ensure better future through regular research and academic training programs
- enhance presentation skills for growth, mobility, and unlimited opportunities
- develop moral and ethical values through regular counseling and motivation classes
- participate in seminars on career opportunities
- get exposure to national and international educational and cross cultural exchange programs

At SWSC

- World class education
- State-of-the-art science and management lab
- Research-based teaching
- Presentation and practical classes
- Best in IT facilities
- International pedagogy and exposure
- Earthquake resistant building
- Experienced and highly qualified faculties
- Scholarship for deserving students
- Friendly teaching and non-teaching staff

SWSC Clubs

Southwestern State College appreciates the contribution made to students' life by various clubs. The clubs at SWSC are formed to facilitate various activities of the students along with academic support. These clubs organize various workshops, seminars, and extracurricular activities to develop leadership, motivation, and physical wellness. At SWSC, we provide students opportunities to acknowledge and carve out their passion in their respective fields of interest through the formation of various clubs.

Students are encouraged to enroll in various clubs as per their interests, and cheered to operate and conduct related activities and events. SWSC has the following clubs:

- Art and Culture Club
- Astronomy and Astrophysics Club
- Entrepreneurs Club
- ICT Club
- Literary Club
- Mathematics Club
- Robotics Club
- Social Work Circle
- Sports Club
- Toastmasters Club

Salient Features

Class Rooms

- Well furnished
- IT-based
- Audio-visual system with projector
- Individual seats with comfortable furniture

Library

- E-library
- Broad collection of textbooks, reference books and journals
- Seating for collaboration and independent work
- Friendly and approachable staff members

Well-equipped Laboratories

- Computer lab (with high-speed internet)
- Hotel management (HM) lab
- Management lab
- Kit lab

Auditorium Hall with Balcony

- Capacity of 450 seats

Cafeteria

- Central kitchen
- Fast food kitchen
- Work flow
- Bain-marie equipment
- Kiosk system
- Satellite kitchen
- Bakery and confectionery
- Buffet meals
- Self service

Other Facilities

- High-speed free Wi-Fi zone
- PA system
- Nursing care room
- Management Information System (MIS)
- Standard basketball court
- Elevator/Lift system
- Safety, security and CCTV surveillance

Teaching Pedagogy

SWSC aims to create diversities in the learning process and make the teaching interactive, interesting and involving for students in all streams comprising lectures, guest lectures, virtual classes, workshops, case study, group discussions, interactive sessions, subject specific projects, class presentations, seminars, webinars, and field visits. Provision of audio-visual technology tools like multimedia and projectors are used extensively to provide technology-oriented learning. We also encourage our students to take an active role in their education through individually supervised discussions, debates and presentations.

Co-curricular and Recreational Activities

For all-round development of the students, the college conducts various co-curricular activities regularly. This includes a wide range of activities like quiz contest, speech competition, essay writing competition, debate competition, and sports events such as football, basketball, cricket, table tennis,

and badminton tournaments.

Co-curricular activities have a wide horizon to cater to the physical, psychological, professional, social and cultural development of the students.

Research, Seminar, and Training

To help our students in developing fresh perspective, improving skills, and even finding a network for the future career in their related fields of study, we organize seminars and workshops from national and international leading experts, academicians, and other professionals in the college.

Science Exhibition and Career Management

The college has been regularly organizing Science Exhibition and Career Management program since its inception. The main purpose of this program is to provide information about modern inventions, particularly in the field of science and technology and the prospects in the management career.

Career Development

SWSC provides students with abundant opportunities to help them pave their way towards a successful future career. We provide maximum practical exposure in their related fields of studies. Industrial visits is one of them in which the students practically observe the process of production and distribution. We equip our students with skills like team building, leadership quality, communication, organizational culture, and decision making which are indispensable for future growth.

Career Guidance Classes

SWSC provides counseling and motivation classes for all students in different levels according to their own stream requirements. The classes are focused on creating awareness about procedure of Medical and Engineering entrance exams and government scholarship programs for the science students. There is also guidance classes related to CA Foundation courses and CMAT/KUUMAT preparations for the management streams.

International Collaboration

For strengthening graduate education, enhancing joint research programs, exploring entrepreneurial careers and organizing to enhance its teaching learning process, cross cultural exchange programs, the college has expanded its international network with the following institutions and universities:

1. University of Central Missouri, USA
2. Liverpool John Moores University, UK
3. Fil. Dr. Jan-Urban-Sandal Institute, Norway
4. The American University in Cairo, Egypt
5. Gediz University, Izmir, Turkey
6. Apeejay Stya University, India
7. Mewar University, India
8. Dr. K. N. Modi University, India
9. Changchun University of Science and Technology, China
10. Institute for Studies and Development Worldwide (IFSD) Sydney, Australia
11. Infrastructure University of Kuala Lumpur, Malaysia
12. Incheon National University, Korea
13. SDK Co. Ltd, Korea
14. World Academy for the Future of Women, WAFW, USA

International Training on Social Entrepreneurship-IBS School, Norway

SWSC, in collaboration with Fil. Dr. Jan U. Sandal Institute, Norway, has been providing international training on Social Entrepreneurship-IBS School training to senior managers, entrepreneurs as well as freshers of Nepal since 2015. Fil. Dr. Jan U. Sandal Institute, Norway, is a globally recognized institute that is engaged in research, development, professional training, and social entrepreneurship courses.

Yoga and Meditation

To help students reduce their stress and anxiety, boost memory, increase self-confidence, and discover their highest potential, SWSC conducts Yoga classes that offer unique and specialized meditation practices. These classes assist students in their spiritual growth and help them channelize their energy in the right direction.

Hiking and Tour

The college organizes hiking and tour programs for the students belonging to different streams according to the academic calendar to promote wider knowledge of the wildlife, culture, nature, geography, history, and life style of different ethnic groups of people from different parts of the country.

Southwestern Academic Research Centre High School Research Opportunities Program (SWARC HROP)

The SWARC HROP is a one-of-a-kind program unique to SWSC that invites enthusiastic students to participate in a wide range of research activities across various interdisciplinary fields in collaboration with SWSC's faculty members, alumni, external mentors or partnering organizations. It is the first of its kind in Nepal. As SWSC aims to promote the culture of research among its students, HROP stands as the beating heart of SWSC's steps towards the future. As SWARC HROP fellow, students will be involved in undertaking research in the topics of their interest promoting themselves in in-depth learning, co-working skills, research skills, laboratory techniques, and many more skills needed for a future researcher. With SWARC HROP, students get to apply the things that they have learned in class in real-life situations solving important issues and problems along the way.

The SWARC HROP consists of two routes:

Predefined Topics: These are research topics already set in collaboration with the faculty, alumni, mentors, external mentors or partnering organizations. Mentors will select and set the teams in the research groups after evaluating all applications and resources.

Research Proposal: The research proposal program is a year-long program that invites students to bring in personal research proposals of their individual interests. If an application is accepted after proper review, a mentor is assigned or looked for, and then students can research in their individual field of interest. With coordination of the SWARC HROP coordinator, the student can also open applications for co-working members for the research project.

Entrepreneurial Skills

At Southwestern State College, we encourage our students to become job creators rather than job seekers by enhancing their creative and innovative entrepreneurial skills. We provide comprehensive knowledge regarding critical life skills to our students such as problem solving, brainstorming ideas, setting goals, taking risks, facing failure and getting up again by involving them in various group projects, individual projects, case studies, and group discussions.

Furthermore, we provide mentorship, incubation, and venture capital (seed money) for viable project to get ready for start-up and explore them for future opportunities.

Career Pathways in SWSC

Science

+2 Science is a two-year course mostly chosen by those students who opt to develop their careers in the field of science and technology. Our Science stream aims to contribute to our understanding of the scientific world through excellence in observational, theoretical and experimental perspective and to extend quantitative, qualitative, and combined methodologies to address the problems in science. In pursuit of these goals, the college co-ordinates objectives in research, teaching, and infrastructure. It has modern science labs and standard equipments having separate Physics, Chemistry, Biology (Botany and Zoology) and Computer labs.

Major Features

- Chemicals and materials are sufficient in Physics, Chemistry, Biology (Botany and Zoology) and Computer labs
- Subjectwise individual and group presentation
- Regular Medical and Engineering entrance preparation classes with exam in each term
- Special classes for needy students
- Seminars and workshops by national/ international leading experts, academicians and other professionals
- Science Clubs: Astronomy and Astrophysics Club, Robotics Club, and Mathematics Club
- Annual Science Exhibition
- The exploration of surrounding's resources to motivate the youth in science and technology for achieving self-reliance in socio-economic development.

Course of Study

- English
- Nepali
- Mathematics/Social Studies and Life Skills
- Chemistry
- Physics
- Biology/Computer Science

Class Timing:

11:15 AM - 5:30 PM (Day Shift)

Management

+2 Management is a two-year course designed to develop a solid foundation on management studies. The state-of-the-art facility in management at SWSC prepares the students to create tomorrow's new managerial needs of the expanding world of business, corporate house, banking, and financial institutions to equip to participate in the global economy.

Major Features

- Computer lab with high speed internet facilities for each student
- Seminars, workshops, and webinars by national/international leading experts business personalities, bankers, academicians, and other professionals
- A collaborative and conducive research environment
- Presentation and case study
- Practical and theoretical knowledge in relevant areas
- Management Lab and Hotel Management Lab
- Regular preparation class and mock test for CA entrance and CMAT/KUUMAT in each term

Course of Study

- English
- Nepali
- Mathematics/Social Studies and Life Skills
- Economics
- Accountancy

Optional Subjects (Any One)

- Hotel Management
- Business Studies
- Computer Science
- Travel and Tourism

Class Timing:

6:30 AM - 10:50 AM (Morning Shift)

11:15 AM - 3:30 PM (Day Shift)

Law

+2 Law is a two-year program, which provides the perfect platform for the students of judicial practice in the future. Law is one of the most exciting and popular courses both at home and abroad. It is an instrument to transform static society to dynamic one. It is a means to translate the voice of people to access justice in the society.

Law is an attractive subject and popular choice in any country because of its large career prospects. Nepal is not an exception. The history of the judicial system of Nepal has gone through various phases i.e. uncoded to codified laws: from kingdom to republic, from customary to legislative and from Janga Bhadur's *Muluki Ain* to *The National Civil (Code) Act, 2017 (2074)*.

Course of Study

- English
- Nepali
- Social Studies and Life Skills
- Procedural Law
- Jurisprudence and Legal Theories
- Constitutional Law

Class Timing:

6:30 AM - 10:50 AM (Morning Shift)

Humanities

SWSC is the right place to lay out the foundation for the better career in Humanities. It enhances the capacity of students in the field of leadership, media studies, social sectors, language proficiency, communication, and so on. We help students develop their critical and analytical skills for a better insight into the world to foster a sense of empathy.

Major Features

- Field visit to GOs/NGOs/INGOs and other sites as per the demand of major subjects
- Regular paper presentation and case study
- Practical and theoretical knowledge in relevant subjects
- A collaborative and conducive research environment
- Seminars and workshops by national/international leading experts, academicians, and other professionals.

Course of Study

- English
- Nepali
- Social Studies and Life Skills
- Major English
- Sociology
- Mass Communication

Class Timing:

6:30 AM - 10:50 AM (Morning Shift)

University Programs

Bachelor of Business Management (BBM)

Bachelor of Business Management (BBM) is a four-year (eight semesters) graduate program affiliated to Tribhuvan University. The program offers an intellectually versatile curriculum for students who seek to build their careers in business. Students develop knowledge in various areas of management like accounting, finance, human resources, communications, business law, and marketing. The interdisciplinary nature of the course content allows the students to analyze, formulate, judge and solve challenging problems in business. BBM is the ultimate choice for students who want to pursue a career in business-related organizations in the global competitive market.

Bachelor in Computer Application (BCA)

Bachelor in Computer Application (BCA) is a four-year (eight semesters) program affiliated to Tribhuvan University. The course is principally designed to cover essential computer related topics such as networking, programming, software development and information systems. In addition, the students study various courses linked with information technology such as System Analysis and Design, Network Programming, Digital Logic, Distributed System and Computer Networking. Studying these areas will equip students with the necessary skills of the technical field before moving into any area of management and organization. BCA is the foremost choice of those who want to be a part of the computer application community.

Bachelor of Social Work (BSW)

Bachelor of Social Work is a four-year course affiliated to Tribhuvan University. This degree provides students with the knowledge and skills required for a professional career as a social worker. Students enrolled in the Bachelor of Social Work program learn about human behaviors, social welfare policies, and research methods for working with individuals and families in micro and macro levels. Students study theoretical concepts as well as gain practical training to address critical situations while serving the poor children, the mentally ill, or the elderly people. The course enables students to acquire core social work practices. BSW is appropriate for those students who are interested to work in different settings, each with their own goals and challenges, but with the shared purpose of serving the common goal.

Bachelor of Business Studies (BBS)

Bachelor of Business Studies (BBS) at the SWSC is a four-year business course affiliated to Tribhuvan University. Primarily, BBS is a multi-disciplinary program specially designed to address the global demand of business industry and administration. The curriculum provides a strong theoretical understanding of business entrepreneurship while developing the required skills within a broad spectrum of business problems. The program consists of compulsory courses, and at the same time, students have the options to specialize in specific areas of study. The course aims to produce socially responsible and creative entrepreneurs capable of running and promoting the business industry for the socio-economic prosperity of Nepal.

Master of Business Studies (MBS)

Master of Business Studies (MBS) at SWSC is a two-year (four semesters) program affiliated to Tribhuvan University. By providing the required conceptual knowledge of business and management, the MBS program aims to enable the students to work as competent managers in various organizations, mainly in the functional areas in the future. Core business courses integrate all analytical and functional areas and provide in-depth knowledge of business and management issues. Moreover, specialization in any one of the areas, such as Accounting, General Management, and Finance develops student's expertise in the related field. The objective of the course is to develop the entrepreneurial capabilities of the students at national and international levels.

Master of Arts in English (MA)

Master of Arts (MA) in English at SWSC is a two-year (four semesters) program affiliated to Tribhuvan University. The course aims to blend the humanistic value of education with critical thinking in diverse fields of human knowledge. The program offers different courses like History of English Literature, Western Philosophy, Trauma Studies, and Academic Writing. The course allows students a considerable degree of choice in choosing various areas of study such as language, literature, culture, and rhetoric. The syllabus aims at developing students' creative, critical, and communicative skills that they need in their academic and professional career.

SWSC Achievers

SWSC Achiever in MBBS

Manu Devkota

"The future belongs to those who believe in the beauty of their dreams" - Eleanor Roosevelt

The success of an individual is the combined result of consistency in one's efforts and all the mentors one encounters throughout one's life. My achievement as a medical student is also the sheer result of my hard work and the genuine guidance of my friends, family, and colleagues. Words fall short to explain how much the guidance of SWSC meant to me in my endeavors. SWSC opened my eyes to what I could do, in a way I've never thought it possible. I still remember all those motivational seminars, premedical classes, and encouragement to be fearless in the pursuit of achieving my dreams even after my college life was over.

My sincere gratitude and thanks to this great institute for an incredible career counseling and guidance.

Currently Studying at:
Nepalese Army Institute of Health Sciences,
Sanobharyang, Kathamandu

SWSC Achiever in Engineering

Binu Devkota

Dreams should always be bigger but the journey of pursuing the dream is never easy. It is the continuous effort, hard work and guidance which make the dream turn into reality. My achievement is also a result of my hard work and proper guidance of friends, family, and the institution. SWSC has always helped me to pave the path of success by bringing the best out of me in every possible way through lectures, seminars and other curricular activities. I would like to thank the college for proper guidance and support in helping me to pursue my dream.

Currently Studying at:
Pulchowk Engineering College, (Civil Engineering)

SWSC Achievers

Needless to say, we can upgrade to a better version of ourselves if we get the proper guidance. SWSC's teachers and administration helped me to realize my true potential and pursue Engineering at Pulchowk Campus.

The infrastructure at SWSC creates a homely environment which establishes a strong bond between students and teachers. SWSC is a supportive platform to showcase one's talent by involving in ECAs, along with the quality education. I feel glad to have been a part of SWSC.

Samata Shrestha
SWSC: Batch 2076

Choosing SWSC as my high school was one of the best decisions of my life. I am very grateful to the faculty members who played vital role in shaping my future. They were always there to guide and encourage me. My two years in this college have been very blissful and fruitful.

Sandhya Thapa
SWSC: Batch 2076

The education at Southwestern State College will certainly help your full academic potential and get top results.

Joining SWSC became a fit life changing experience for me. I have felt a boosted up confidence within myself all due to dynamic exposure that I got here. The well managed library and computer lab helped me a lot in my study and progress. The continuous guidance from the teachers always motivates me. So, if any one asks me which college to choose for higher education, I would proudly recommend SWSC without a doubt .

Ram Kumar Kapri
SWSC: Batch 2076

I am greatly honored to be a student of Southwestern State College which lightened the path of my vision. Currently, I'm studying B.E. in Electronics, Communication and Information Engineering at Pulchowk Campus, IOE. I would like to thank all of the experienced and supportive teachers and faculties who made it possible for me.

Manish Guruacharya
SWSC: Batch 2076

SWSC Achievers

"Success comes from within you, your efforts, determination and decisions."

After the SEE, I was in a dilemma which institution would be better to guide me towards my dreams. Fortune brought me here to Southwestern State College, where I got the opportunity to get quality education along with moral lessons. SWSC not only focuses on the academic excellence but also develops a citizen worth developing a nation.

This college has indeed made a lot of efforts to provide students a learning environment with proper infrastructure and facilities of practical labs, cafeteria, and even the extracurricular activities such as sports, yearly science exhibition and many more. Even during corona pandemic situation, our dedicated teachers and college administration have been constantly fulfilling our academic needs through online medium. Many people can open the chance to excell in their life with the assistance of SWSC.

I would like to express my special gratitude towards SWSC family for catalyzing me to follow my dreams and letting my opinion to be heard.

Dilasha Dangal

SWSC: Batch 2077

Spending two crucial years of my life, here, in SWSC getting inspired by every nook and corner, I got to learn new things from each part. My journey of SWSC has been truly remarkable being inspired by seniors in my junior year and helping the juniors in my senior year. Getting together with SWSC means to get congenial environment, I am always grateful to be said as a product of SWSC. Overall, SWSC is a meal of success.

Anjita Lamichhane

SWSC: Batch 2077

Getting chance to study +2 Science at SWSC was one of the great opportunities for me. I got every support from the teachers, staff as well as the junior and senior students at SWSC for my study in past two years. Though the second year was mostly spent online, it was as effective as the first year with physical presence. I am forever grateful towards SWSC family for encouraging and pushing me to the edge to be better every other day.

I strongly recommend the SEE graduates to join SWSC for their best.

Rasani Shahi Thakuri

SWSC: Batch 2077

SWSC Achievers

To choose one from amongst many of the colleges is really difficult task. Choosing SWSC for my higher studies was the best decision I have ever made in life. The teaching methodologies, excellent premises and family environment are core assets of SWSC. In addition, the teachers are expert in their respective fields which made learning more effective and easier. Not only that, but they are really friendly, supportive, and caring. Till the date, they are always ever ready to guide and advise me through my decision. At SWSC, our mind is stretched, opened and well-prepared for whatever path we choose to pursue.

Raju Pokharel

SWSC: Batch 2074

No one regrets the decision of choosing SWSC for high school, nor do I. The past two years of high school was full of good memories. The college atmosphere, and the company are what made every event so fun and exciting. The transition from school to high school was easy due to friendly and supportive environment, highly qualified teachers, availability of resources, and valuable learning classes. SWSC is a platform where one can get so many opportunities which paves the road towards success. Being a student of SWSC, it allowed me to learn, explore and grow as an individual. I would like to thank the institute for all those motivational classes, opportunities, proper guidance, and support to all students pursuing their dreams. I believe the path to success begins from SWSC.

Anish Lamichhane

SWSC: Batch 2076

Coming from a village and adjusting oneself in a new environment is quite challenging for every student. I came to Kathmandu for my higher studies and got baffled to choose the college and finally, I chose SWSC. This was a milestone in my academic journey. The friendly environment, teaching technique, teachers and management filled me with positivity that I should focus for future and do accordingly. Because future will be the outcome of present deeds, I am confident that choosing college like SWSC will be one of the best decisions for my bright future.

Bishnu Pandey

SWSC: Batch 2076

I would like to express my deepest appreciation for the excellent monitoring of Southwestern State College which provided me an opportunity to perform my academic as well as professional career. The teachers and the management provide a conducive environment for one to grow up and explore their flair for greatness. SWSC has taught me to be determined, hard working, and committed to achieving my dream.

I'm forever appreciative to SWSC for their support. I am always happy and proud for the decision that I made to attend such a remarkable college and become a part of SWSC.
